

The Winter 2008 Round Robins Rattlers Tournament
RESULTS

The juniors who took control of our last tournament struck again in our recent RR event, taking first (Jason Leung) and 2nd place (Hollie Lau) in the Under-1400 category. But in the Open, it was business as usual, with Terence Leung showing more respect for his seniors this time, after winning two tournaments in a row. Lukman Oseni must have been getting tired of second place, because he finally won an open tournament, staying undefeated until the end. The rest of the top players – including Colin Greenidge, who had not been seen on our shores for a while – pretty well ended up in the position they had started in. I guess what we need now to break the monotony is an upset by an old timer, on the model of the juniors' surprise performance in January. I know some who are already working on it, arthritis notwithstanding...
